Support and Advocacy: Of, by and for people with dementia

Dementia Alliance International

A global advocacy and support group, of, by and exclusively for people with dementia, advocating for the global voice and needs of people with dementia.

In collaboration with Alzheimer's Disease International, **Dementia Alliance International is the peak body for people with dementia.**

Support and Advocacy: Of, by and for people with dementia

Alzheimer's Disease International Global Charter:

I can live well with dementia

Support and Advocacy: Of, by and for people with dementia

Three key issues

- We have human right to a more ethical pathway of care, including our pre and post-diagnostic care, and on pre and post vention including rehabilitation.
- Being treated with the same human rights as everyone else, under the Disability Discrimination Acts and UN Convention on the Rights of Persons with Disabilities
- That research does not only focus on a cure, but also on care
